TALKING TO AI — WHY THE CHATBOT ISN'T YOUR FRIEND

EIGHT SENTENCES FOR THE FRIDGE

CHAPTER 1 · THE PENGUIN THAT COULD FLY BACKWARD

The chatbot sounds dead certain. That doesn't mean it's right.

CHAPTER 2 · SOMETHING'S OFF

Nobody knows everything. But the AI acts like it does.

CHAPTER 3 · IS ANYBODY IN THERE?

The AI doesn't think about what's true. It guesses which word should come next.

CHAPTER 4 · THE SECRET TRAP

Secrets are for people. Chatting with an AI is mailing a postcard to a company.

CHAPTER 5 · THE FIGHT

Fighting and making up is people business. There's no machine for that.

CHAPTER 6 · THE LIBRARY SHOWDOWN

Check first, then believe.

CHAPTER 7 · OFFICE HOURS

The AI is allowed to help you. It's just not allowed to be you.

CHAPTER 8 · YOU'RE THE BOSS

The AI gets to explain, not decide. You're the boss.

Which one is your favorite? Circle it.
